

Univox® **GOTALK**

GTA-HS1

Features

- Lightweight and compact design for quiet environments
- Comfortable earspeaker for extended wear
- Symmetrical design allows for wearing on either ear
- Integrated boom microphone for clear communication
- Easy to use and clean for hassle-free operation
- Small size allows for convenient transportation without extra bulk

HS1 – Headset 1

Lightweight and compact mono headset made for quiet environments. Built around an earspeaker, it sits comfortably on your ear. The symmetrical design allows you to wear the HS1 on either ear. Together with the boom microphone, it provides an ideal, easy-to-use and easy-to-clean headset for your tour. Its small size means you can easily bring as many headsets as required without needing a cumbersome extra case.

Specifications

PHYSICAL

Color:	Black
